Priya Sharma

Junior Data Analyst / Business Intelligence Trainee

priya.sharma@example.com | +91 90000 10004 | Bengaluru, India

PROFESSIONAL SUMMARY

Entry-level data analyst with academic and project experience in data cleaning, statistical analysis, dashboard development and reporting. Interested in turning business data into clear insights and supporting data-driven decisions.

TECHNICAL SKILLS

Excel • Power BI • Tableau • R • Statistics • Data Visualization • Data Cleaning • Pandas • NumPy • Matplotlib • PostgreSQL

PROJECTS

Retail Sales Performance Dashboard

Cleaned and analysed a sample retail dataset using Excel and Pandas. Built a Power BI dashboard to track revenue, product performance and monthly sales trends.

Customer Segmentation Analysis

Used R and basic statistical techniques to explore customer purchasing patterns. Presented findings through charts and a Tableau dashboard.

Library Database Report

Wrote PostgreSQL queries to filter, group and summarise sample library transaction data.

EDUCATION

B.Sc. in Statistics — Example College, 2025
